Digital Future & Compliance NIS2

■ Data security and business continuity: the key to competitiveness in the NIS2 era.

■ CRM & AI

Centralized data, audit trails, SmartSearch, predictive analytics and LLM integration for fast, traceable decisions (**CAS genesisWorld** & **SmartWe**).

■ ECM & Document

Secure archiving, versioning, workflows and access control for NIS2-ready policies, procedures and audits (**ELO Digital Office**). CAS CRM integration.

■ Security & IoT

Certified firewalls and advanced antivirus **(Stormshield, G-Data),** plus **Alleantia I4.0 IoT Gateway** for connected machines and endntonend security. **Marini Systems** as Data Integration Middleware.

NIS2 is not just an obligation: it is an accelerator for digital growth, governance and customer trust.
