SmartWe

The easy and effective Cloud CRM
to impress your customers

SmartWe seamlessly connects your data, teams and customers on one platform.

Get started now

SmartWe – Apps that ease your life

Contact management

Whether customer acquisition or existing customer care - SmartWe provides detailed information and optimal support.

Leads & Opportunities

SmartWe lets you easily track your sales pipeline, manage leads and automate your sales process, so that you can focus on selling.

Smart wizards

Augmented Intelligence Assistants (AIA®) speed up your processes and provide intelligent support for decisions.

Teamwork

Using a central database, you can simplify your time management and optimize team collaboration.

Focused and easy-to-use CRM

SmartWe efficiently supports the daily routines of your team and lets you attend to your customers. Focus on your customer relationships - the intelligent assistants in SmartWe take care of the rest.

SmartWe is equipped with the unique SmartDesign technology: experience the consistent look and feel of the intuitive user interface on all devices, from any place and at any time.

The right tool for everyone to achieve common goals

As a unique cloud solution, SmartWe is just that easy: log on, create custom apps, import data, and get started.

SmartWe flexibly adjusts to fit your current and future requirements. You can even create custom apps without needing any programming knowledge.
